90 Eritrean Refugees Will
Relocate Today to a Third Country

Addis Ababa: The Ethiopian Administration for Refugee and Returnee Affairs (ARRA) prepared a farewell party the afternoon of September 24th, for these departing refugees.

Because of human rights abuses, more than 1,900 Eritreans per month have been fleeing to Ethiopia, with about 45% being former Eritrean soldiers.

Many countries have accepted Eritrean refugees from Ethiopia, for resettlement, with a total of over 5,800 in the period of 2006 – 2009. This year, about 3,100 have been relocated.
